

## **Miracles**

### **The Molecular Miracle**

# TALK IT OVER

### **Key Scriptures**

John 2:1-11  
Revelation 3:20  
Luke 6:46

### **Key Ideas**

4 Lessons of the Molecular  
Miracle

Always invite God into your  
moments

Follow the instructions

Miracles often happen without  
our knowledge

Miracles are easy for Jesus?

**Start talking.** Find a conversation starter for your group.

- Do you have a babysitting horror story?

**Start thinking.** Ask questions to get your group thinking.

- Which group do you best identify within the story? The couple? The servants? The master of ceremonies? Jesus? Why?

**Start sharing.** Ask questions to get your group talking.

- What does it look like to invite Jesus into your moments? What parts of your life do you have a hard time inviting Jesus into? What areas have you compartmentalized?
- Why would we often rather just talk about the problem than follow God's steps to make a change?
- Is there something in your life that is unique that you treat as normal? How do we maintain a proper perspective of the blessing of God in our life? How can we live more aware of God's miracles in our life instead of treating them with familiarity?
- How would we behave if we truly believed that the miracle we need is easy for Jesus? How would we speak differently? How would we pray differently?

**Start praying.** Be bold and pray with power.

- *God, come into my life. I need a miracle in this area: <tell God what you need>. Help me to obey you. Help me to be aware of your blessings in my life. Lord I know it's easy for you. In Jesus' Name I pray, amen.*

**Start doing.** Commit to a step and live it out this week.

- What's one step you can take this week to live out the message in your life?
